The Lisafiles #Lisafiles

This document will highlight the depravity Lisa and her friends and ex-friends have engaged in. Whether that was cp servers where they shared and distributed nudes of themselves, or doxxing, or spamming gore. **If you wish to ensure justice is given to these people who have gotten away with this all, please use the hashtag #Lisafiles on twitter and or show this document to others and the subsequent video Parlo will be making on the situation, to others, and encourage them to do the same.**This isn't the case of ''stop giving attention to lisa'', it is ''starting calling out Lisa and her friends for illegal actions''.

Disclaimer

This document covers the following:

- Child Porn
- Doxxing
- Gore
- Sexual Assault,Rape,Child Molestation

These internet degenerates often backstab each other and fall out with one another, to then get back together a few weeks or even days later.
At one point Lisa was friends and associated with all of these people, but more or less she talks to Dior mainly now, who also has child porn.
This document is NOT victimizing any of these internet degenerates, these people commonly leak each other's nudes, and this document will act as a final nail in the coffin for Lisa Gaming ROBLOX.
Lisa needs to stop being known as ''The Bloxburg Troll'', or ''the person who lies about popular YouTubers for attention'', she needs to be known for the true deplorable crimes she has participated in. I give you, the LisaFiles

Keiron/Kei;/KeiTheIcon/iPablo/luvvbratz/KeiTheGacha/Azealia Gaming//Fiona Gacha Queen

Keiron goes by multiple Aliases as you can see by the title. He is well known for sending child porn in group chats on discord and then deleting said illegal explicit content of minors only a few seconds later. Also attempting to dox literal minors on the web. Keiron is 17 years old as of 2022. He is a minor.Was originally very close friends with Lisa.

Keiron sending porn to minors in a discord GC.

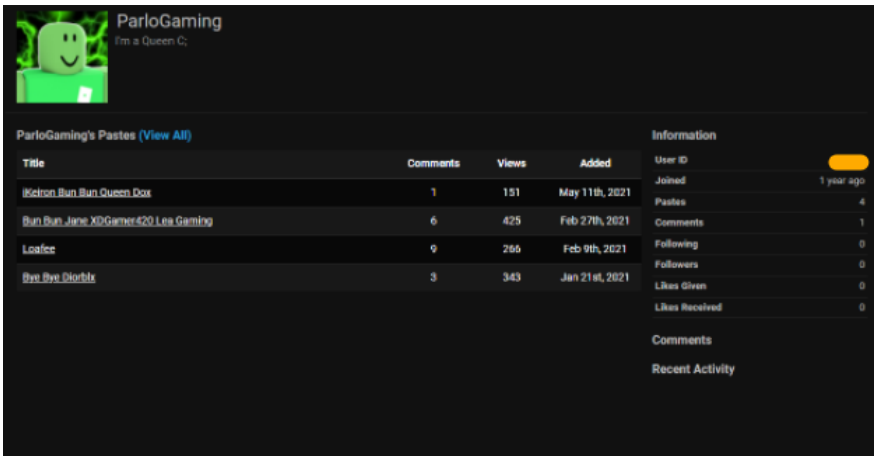
As you can see it contains blatant Islamophobia, Xenophobia ect. Keiron is well known for saying deplorable things.

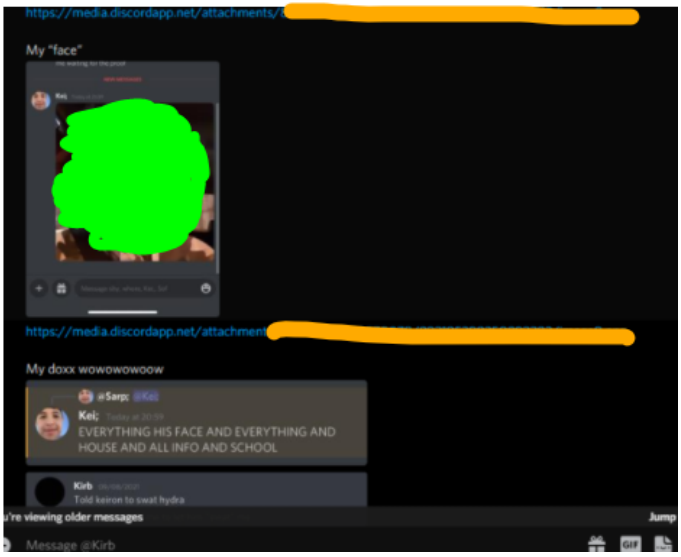
Kirb here, vortex and hellsec are in good terms with me and it's illegal to dox someone under 15 in doxbin + they won't even try to dox me.

Keiron impersonating as me on doxbin to create actual doxbins back in 2021 under MY NAME on minors

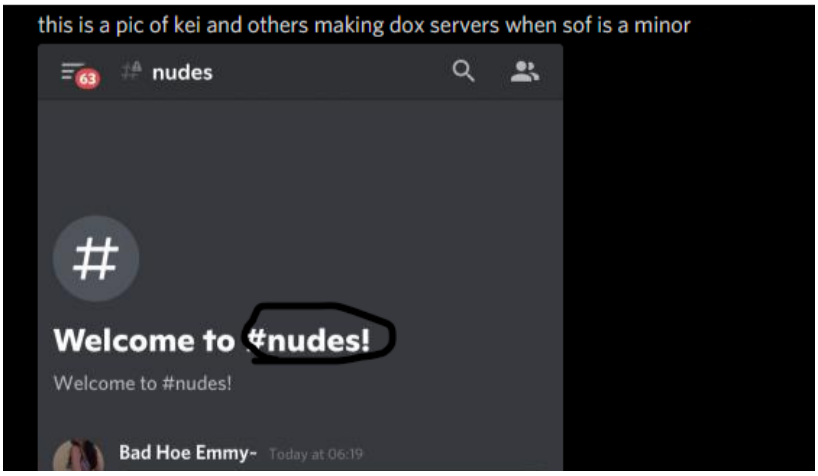


Sarp confirms Keiron sent child porn in a group chat, but typically regarding Keiron, he quickly deletes gore and child porn in which he sends in GC's, to avoid account termination.

Keiron attempting to dox Kirb who is a 13 yr old minor, however this is not his face

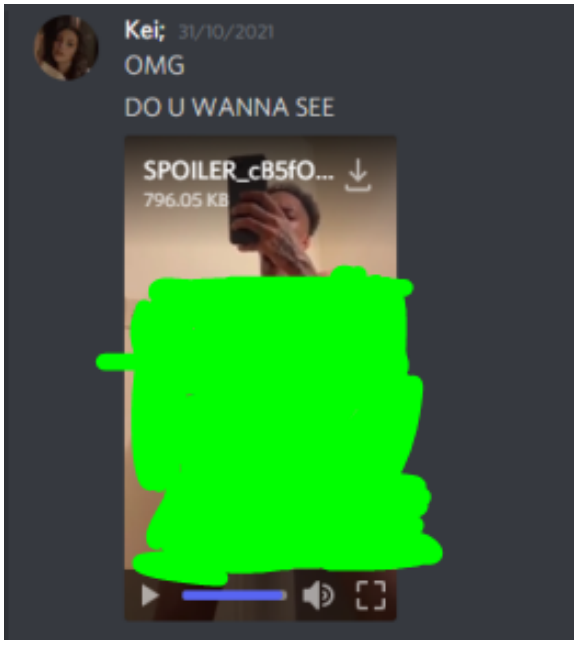


Keiron making dox servers when Sof is a minor. (Yes, he doxed sof's nudes.)

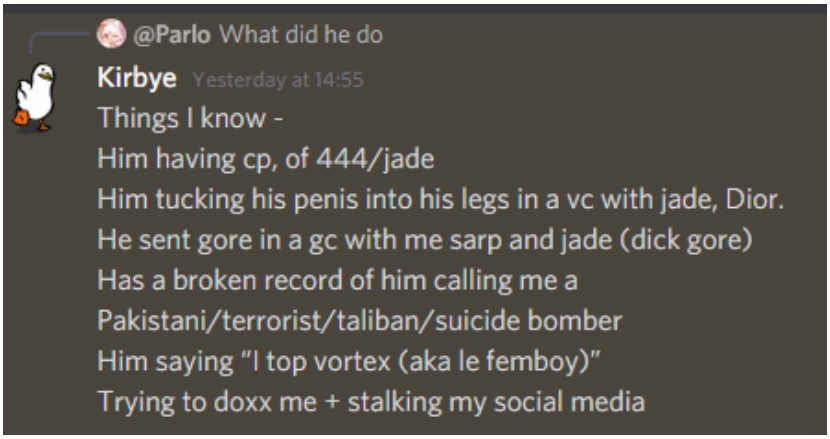


Skylarbluee also known as Keiron posted child porn in the discord gc, quickly deleted it, and caused many people in the discord gc to freak out and leave. Bonnie is also known as Keiron. He changed his name a LOT.

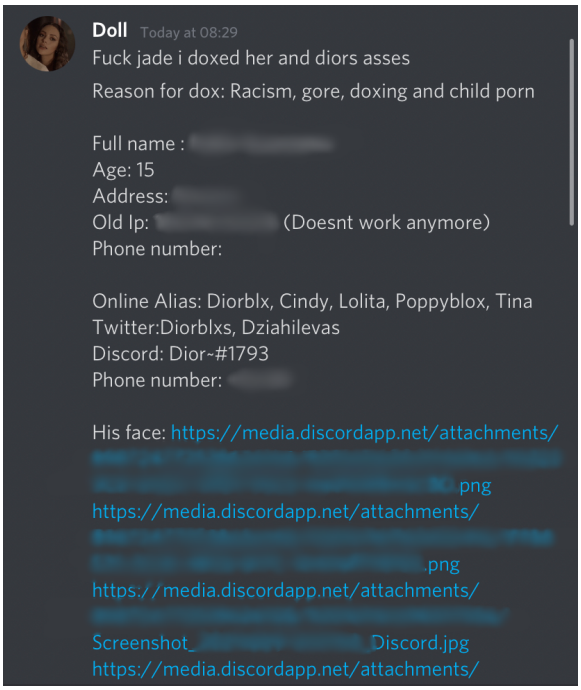
Keiron posting more nudes to minors in discord gc's.This video is of a man ejaculating. Disgusting.



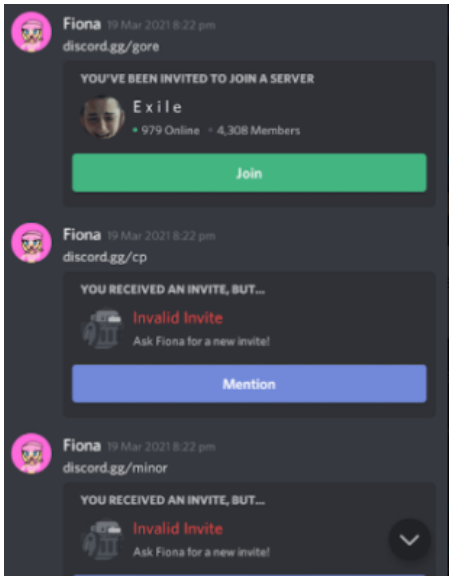
More information about what Keiron has done.



Doll, who is Keiron, also Doxxed Dior.



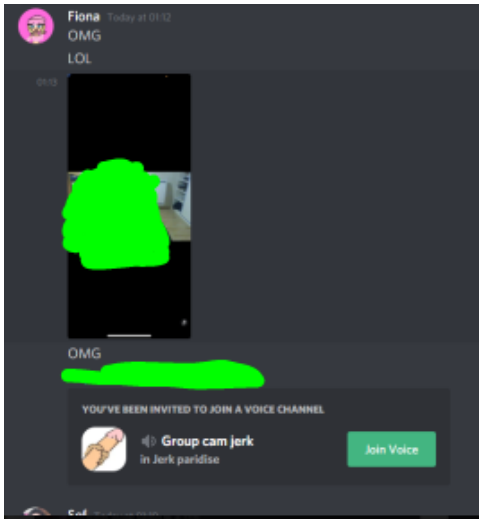
These weirdos typically join the weirdest and most degenerate servers.



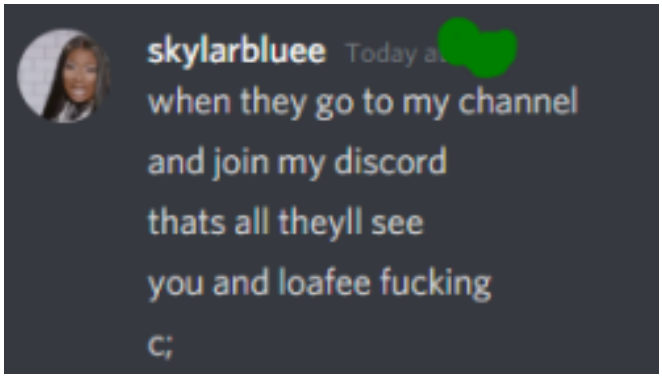
(Fiona is Keiron)

,

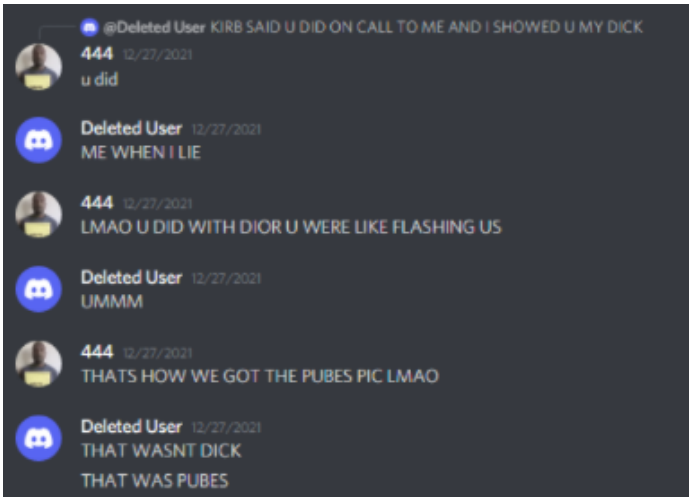
The image is of a naked person, presumably cp, in which Fiona (Keiron) posted. (Once Dior stated that they made a 13 year old strip in a discord video call, this might be that.)



Skylar (aka keiron), used a video made by LarkTheTart, of me and loafee who are MINORS having YOU KNOW WHAT, which is literal CP.



Deleted user is Keiron, 444 is Jade. They are talking about some of the most deplorable shit I have ever seen.

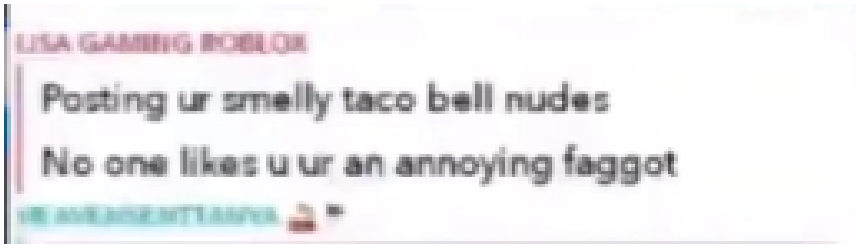


(Coked Up Bimbo is Kei)

Lisa Gaming ROBLOX

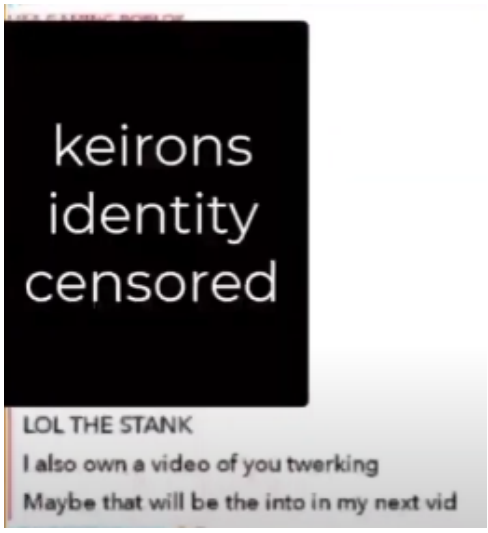
Lisa has associated with MULTIPLE users who have distributed child porn, such as Dior, who she is still friends with, Lisa has also encouraged people to dox Keirons nude images, when he is a minor.

This is evident in an old video I have made, which was taken down for ''Harassment and Bullying''as Lisa's fans had mass reported it (wonder why), which shows a group chat made on Snapchat back in 2020, of Lisa establishing she would be leaking Keiron who was (14/15) nudes.

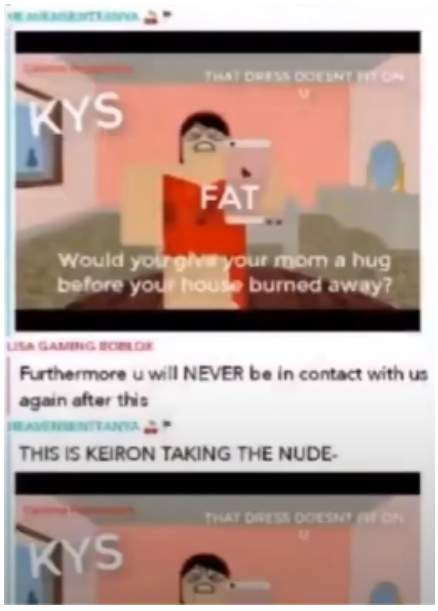


This was due to a falling out they had, in which Lisa believed was a perfectly sufficient excuse to try and leak his personal explicit images. While also admitting. she has possession of CP (his nudes).

Here she can be seen also gloating that she has videos of him twerking, very questionable to say the least.



Lisa and Tanya, poking fun at Keirons nudes being leaked. Very disgusting.



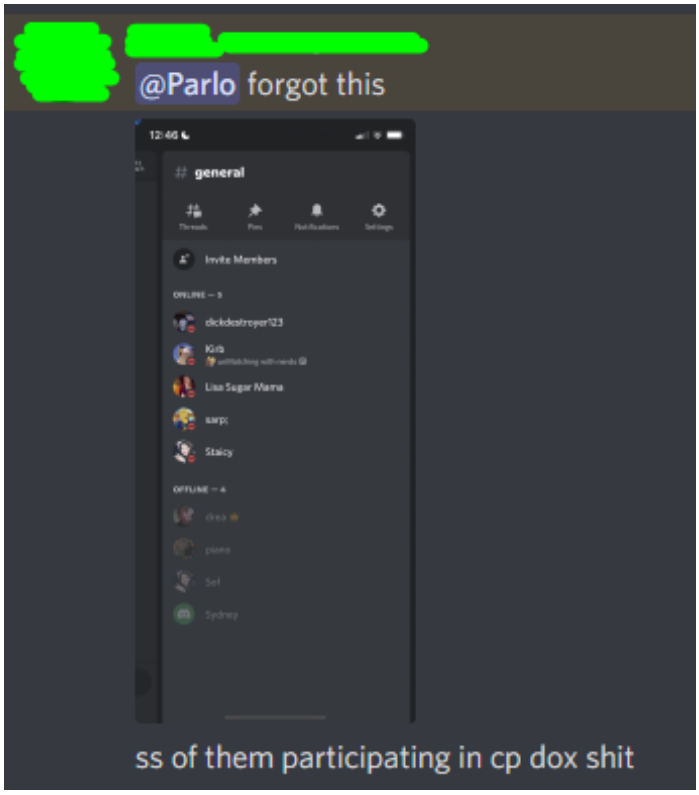
These were provided via chat logs of Keiron (yellow), to Lisa (red) and Tanya (blue), in Snapchat dms, back in 2020. This is highlighted in my Lisa Expose Nuke, which is archived here: youtube.com/watch?v=29arqfvly3Q (11:56)

More screenshots from the old video, of Keiron HIMSELF admitting that Lisa did dox his images.

Lisa yet again threatens to dox keirons nudes.

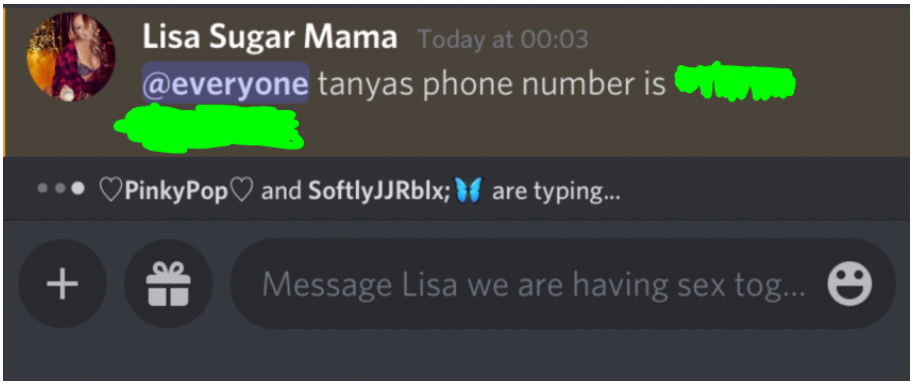
Keep in mind Keiron was (14/15) at the time, and Lisa is doxxing ILLEGAL explicit images of him.
People need to stop classifying Lisa as a "**troll**", she is using this misclassification as a way to validate and excuse her actions. I have been saying this for **YEARS** now. Doxing is **ILLEGAL** and distributing CP IS **ILLEGAL**.

Sof is present in the server, she has CP.

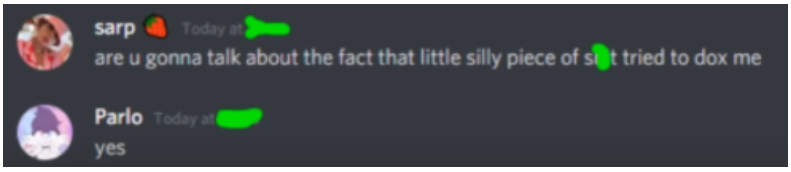


DickDestroyer is Jade, she has CP. Piano is Skites. And Lisa Sugar Mama is of course Lisa Gaming ROBLOX.
(Sarp here, me and kirb joined there just to take ss of the memberlist. we didn't participate in the stuff. But yes, Lisa is there. This is recent btw..)

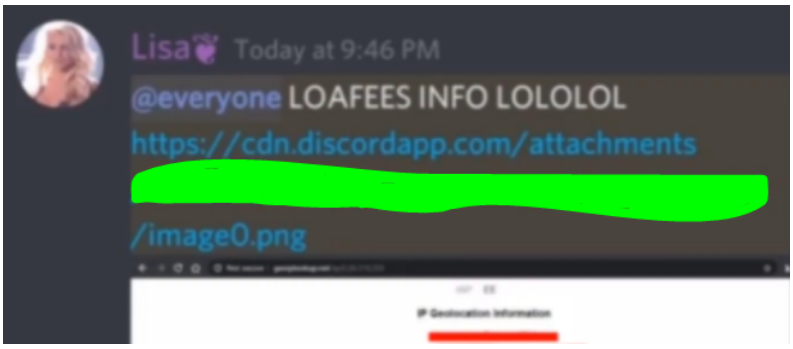
Lisa also **doxxed** people's personal information, as you can see she DOXXED Tanya's phone number **PUBLICLY** on a discord groupchat.



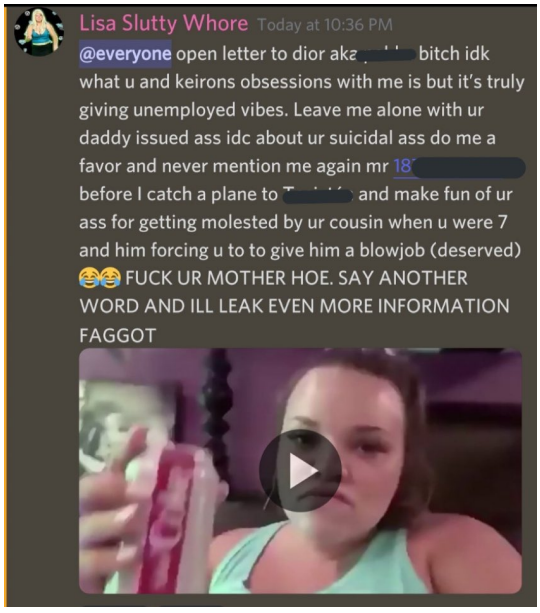
Another screenshot of Lisa attempting to **dox** my friend Sarps face.



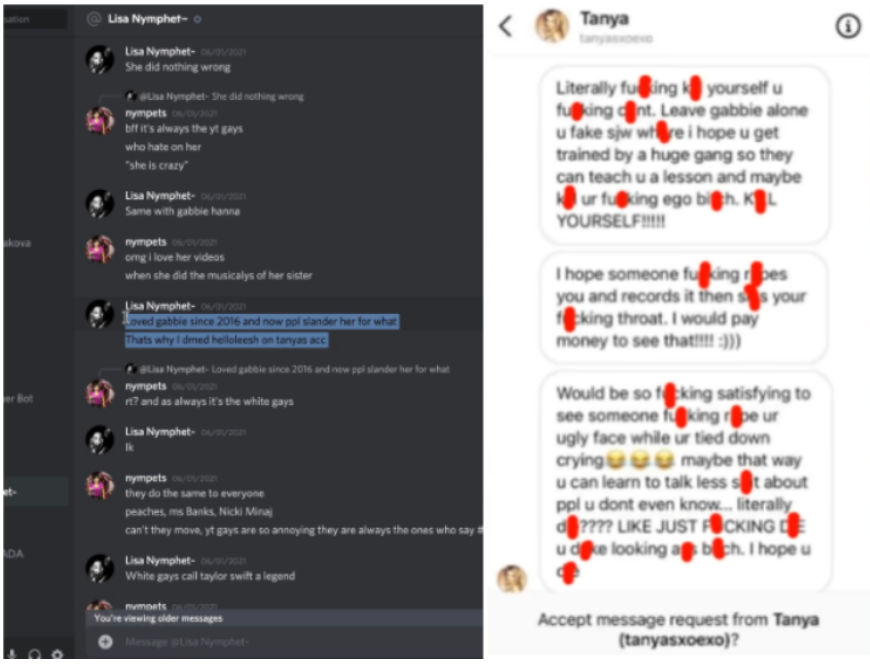
Lisa also attempts to **dox** and release Loafee's info, such as his phone number, emails, address and much more on her **PUBLIC DISCORD SERVER**, so **THOUSANDS** of people can see.



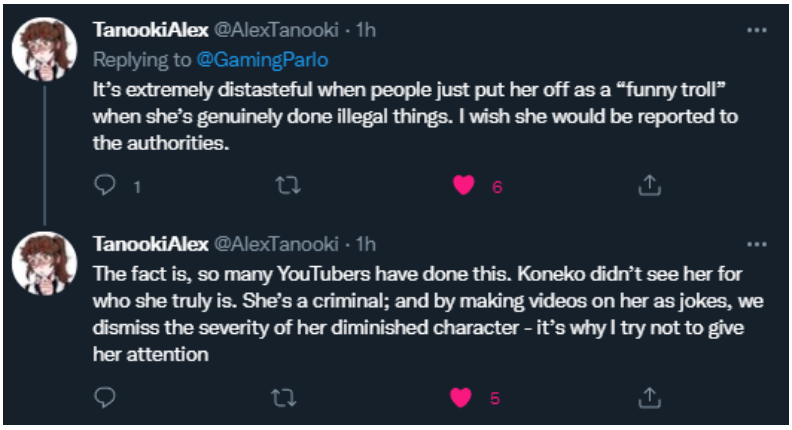
Lisa yet again **doxxing** someones personal information on her public discord server, for **thousands** of people to see, while also poking fun at the most disgusting things like sexual assault. ''Molested by ur cousin when you were 7 and him forcing you to give him a blowjob (deserved)''. What the hell. Keep in mind this post was directed to TANYA, an old friend of hers she had a falling out with. So she decided to leak and THREATEN to leak more information of Tanya.



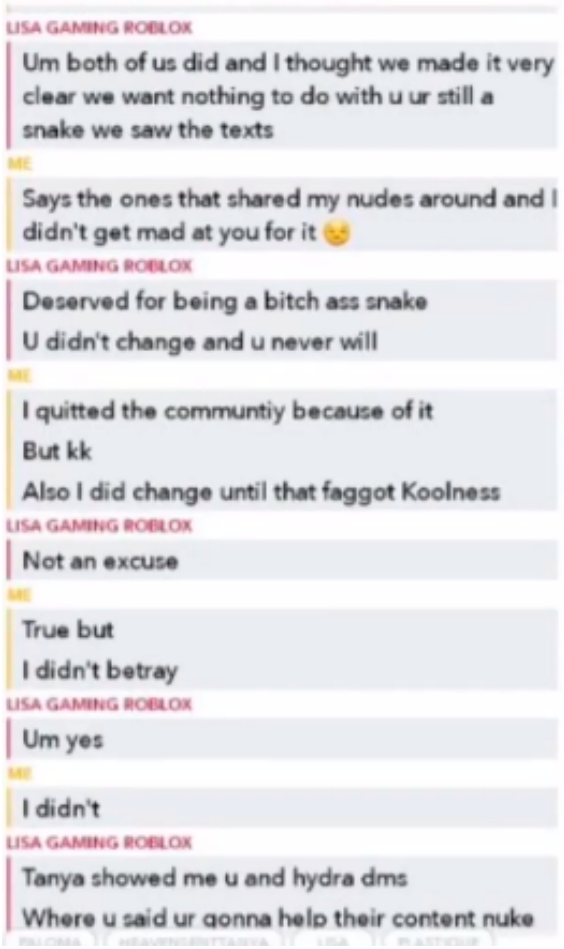
Lisa admitted to using Tanyas IG account to message HelloLeesh this. (ABOVE RIGHT) In the discord messages on the right, Lisa (Lisa Nymphet) is speaking to DIOR, (nympets).



This was before Lisa then backstabbed Dior, and doxxed him, and made fun of his sexual assult.



Lisa shared Keirons nudes who is a minor around the community, and what is Lisa's fucking response to distrubiting child porn? ''Deserved'', what the actual fuck is wrong with this psycopathic bitch?



Started a new channel too

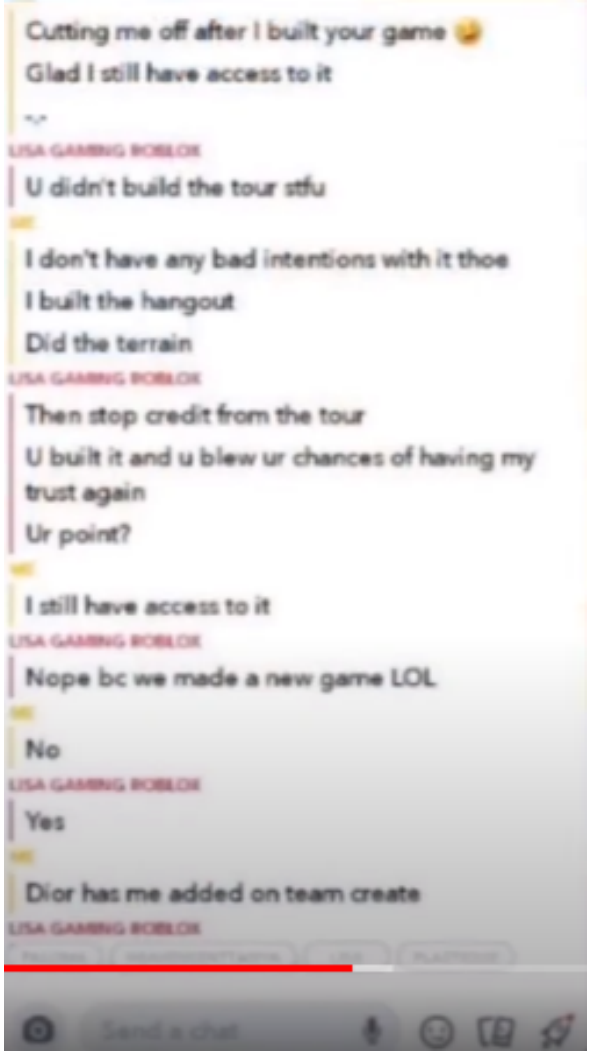
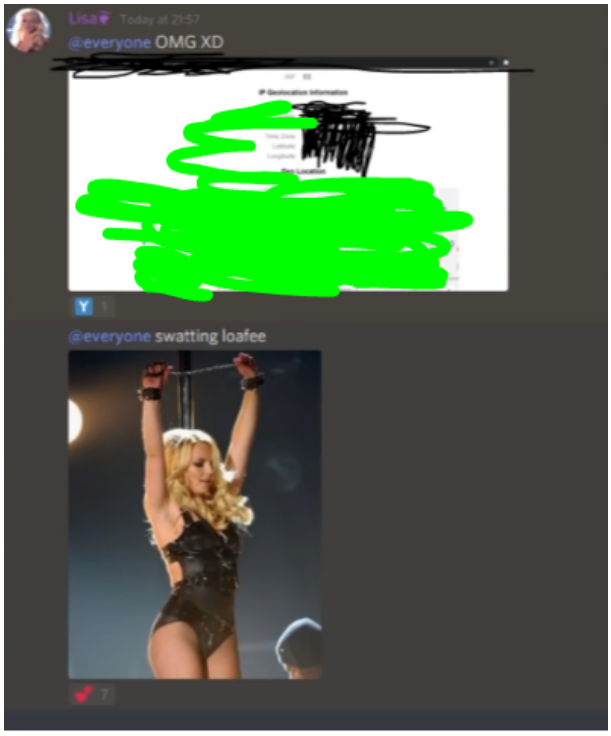
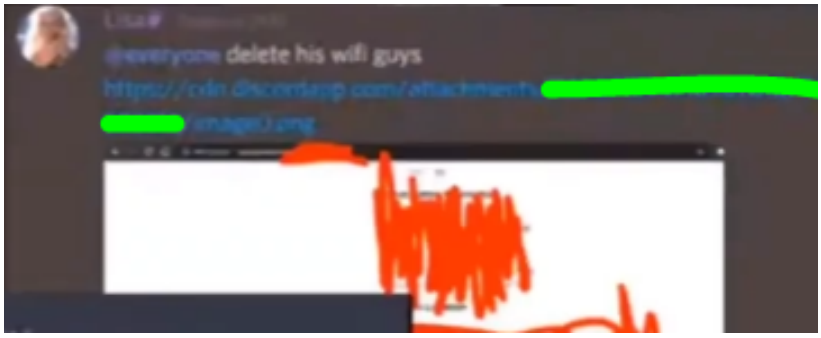
More screenshots snapchat dms between Lisa and Keiron, establishing the authenticity, as keiron worked on Lisa's hangout games back in 2020, until they had a falling out and Lisa resorted to revenge porn and leaking his underaged nudes.



Lisa encouraging her fans to ''swat loafee'' after posting his address PUBLICALLY on her discord server

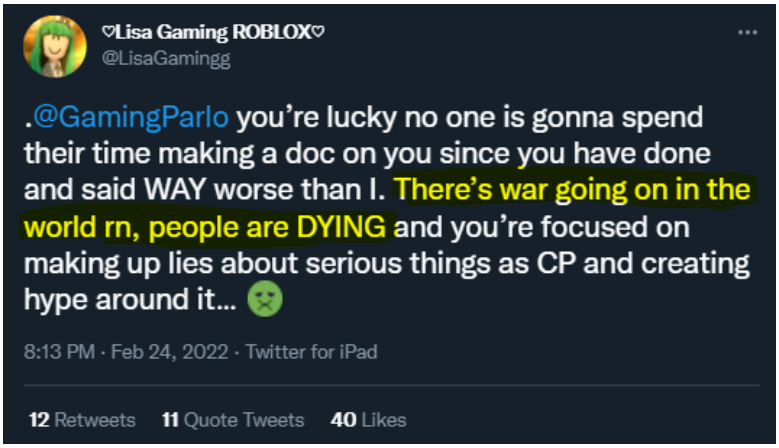


''Delete his wifi guys'' - Lisa Gaming ROBLOX



Lisa never expected Keiron to leak the private snapchat dms back in 2020, therefore said and admitted the most deplorable shit in the scripts thinking she would receive no consequence for it, because she was not aware the general public would have access to these screenshots later on. Hence why she is so defensive over this situation as of recently, because she knows she messed up greatly, and is in the wrong.

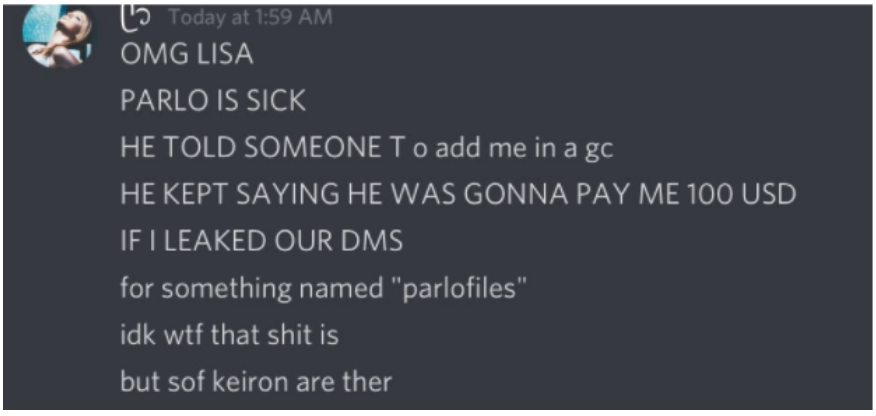
She will try and pull every card in order to either minimize or effectively deteriorate the situation, either by bringing up my past which I have already addressed, victimization, lying or straight out going on the offensive and mass reporting my videos to try and get me taken down.



She brings up the topic of the Ukraine Invasion and subsequent war to try and divert the situation away from her illegal acts and to try and shift the narrative via scapegoating to try and change the subject and using the serious situation to try and reflect criticism back at me. This is what I said;

"Not only do you weaponize a deadly and depressing military conflict to try and use it as a scapegoat for your deprived illegal actions to shift attention away from it, but you hypocritically blame shift and lie about me. You can smell the stench of guilt and fear a mile away."

Lisa then makes another fabricated tweet showing dms (on the right) of someone making baseless and unsubstantiated claims towards me, insinuating that I paid people in order to benefit myself.

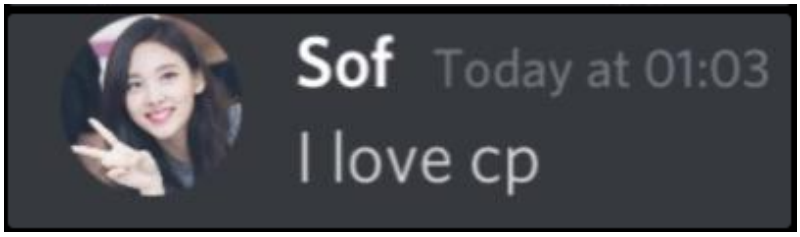


I would like to heavily establish this never happened, hence why no sufficient screenshot was shown to support this. And even worse, is that the person who said this, is none other than DIOR, who has CHILD PORN, This is crystal clear proof, Lisa is still friends with DIOR.

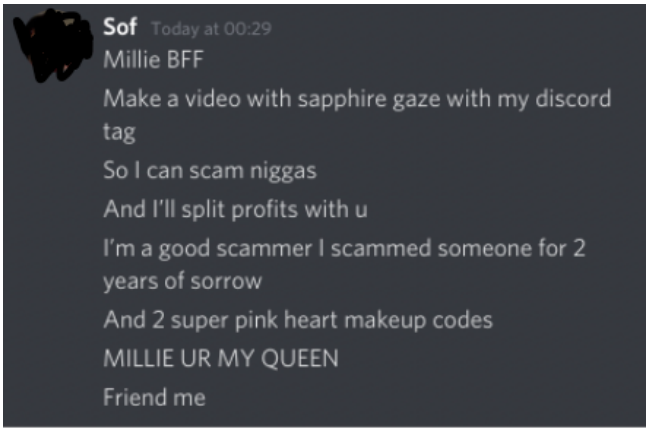
Caught in 4K.

Sof

Sof also known as "sof loves gaming" is just like the others. Sof has sent Child porn in many gcs and made a server sending Keiron's Nudes & Face as well. Sof has doxed people like Dior, Tanya & Keiron. Sof not only doxed them but sent there faces & nudes on a **PUBLIC DISCORD SERVER.** Some people may know Sof by her trolling Royale High videos such as making fun of Lizzy_Winkle's death which isn't something to joke about. Scammed people, Spread False & Fake Rumors about famous youtubers like milky fruit, Royale Dior, Princess Royale to tarnish there reputation. Sof has also doxed her ex best friend by leaking there face on a public discord server as well. Sof is a minor too.

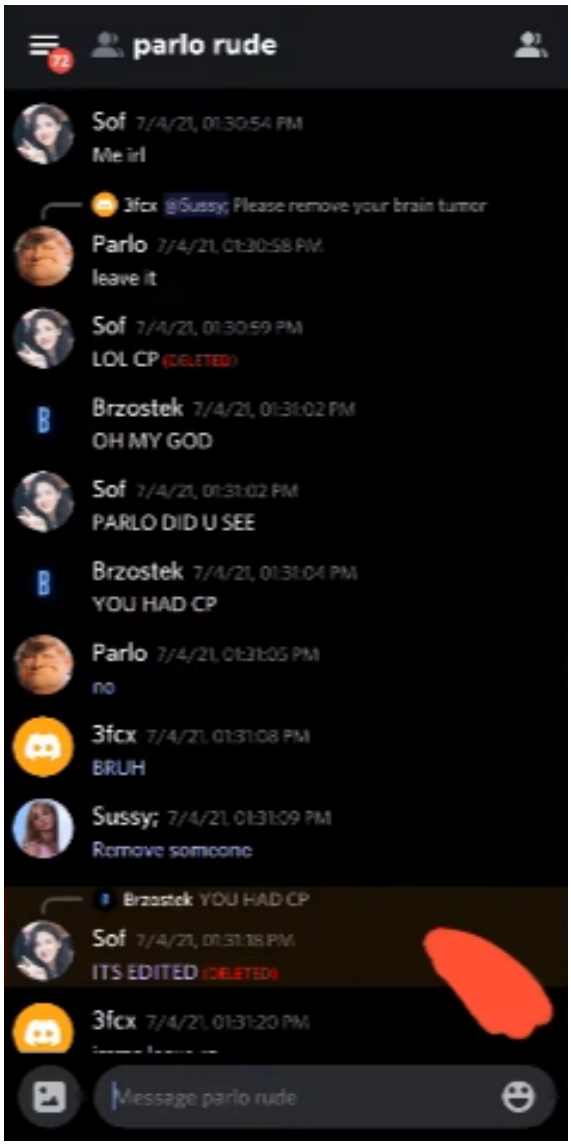


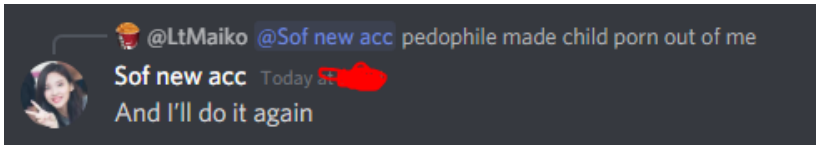
Here is a pic of Sof scamming others and Sof has a history of scamming & hosting fake giveaways on youtube channel to trick young kids into believing him. And to provide context: sof isn't black which means he can't reclaim the n word. Sof has way more then this. (pfp censoredbecause it was someones face/dox)

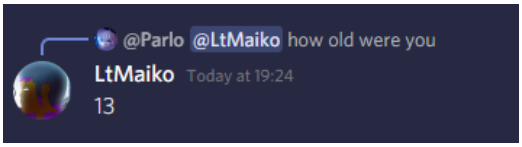


The blue text was not added by me, It contains an image of Keiron during 2018 at which he was 12 on the bottom ss, with his face edited on a porn video on the top screenshot. The woman is labeled keiron, and the man performing in sexual intercourse is labeled Hydra, who is someone else who has CP. Sof is the deleted account.

Another screenshot (right), of Sof posting CP and deleting it, showing the subsequent reaction of everyone in the GC, and then him lying claiming it was 'edited', when it is WELL KNOWN, sof, dior, jade (444), and keiron ALL HAVE CHILD PORN.

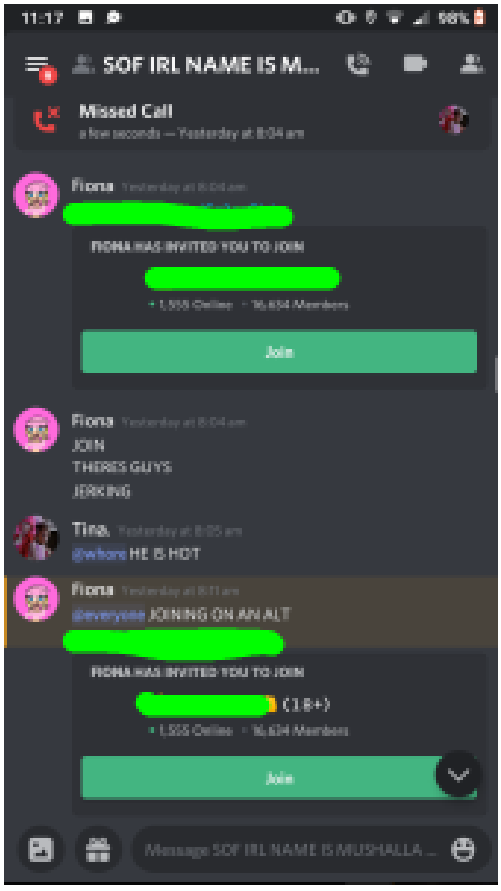






Fiona (another Keiron alias), and Tina (Dior) engaging in degenerate Discord servers, Sof also participated in these too.

Also Sof openly admitting to editing cp images of people.



It was also confirmed by Sarp, that Sof had made a child porn server, in which he (sof) partook in distributing and soliciting nu
de images of minors, along with presumably, Keiron and Dior.
Sof who is a minor asking Jade (444), who is also a minor (14 yrs old), for nudes.

Lxiro's Experience

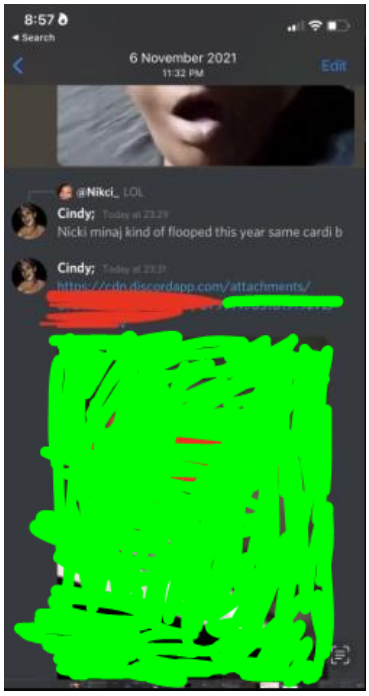
As sofs ex friend, I personally wasn't attacked w getting doxed but what I can say is that a lot of CP was distributed in many gcs. I've seen in my own eyes, every gc I've been sof has been toxic, disturbing & doing illegal shit in total. Sof has even told me things like she would doxed these people or send CP to the people who were mentioned in this doc. People need to understand Sof isn't your average "Lisa troll" she's beyond that. She's a danger to the society, and does whatever she can do without facing any punishment. Obviously, I took sof as a joke since she was a troller and during that time she wasn't Friends (to what im knowing) Jade, Keiron or Dior. Which made me think she was different from the rest and was a kind person. And she was to me which made me think she was chill & all and she got along with some people. But that was never the truth. Things Sof started doing never sit well for me at all & she even started

to associate w Keiron & Jade which made me distance myself away from Sof more and more.

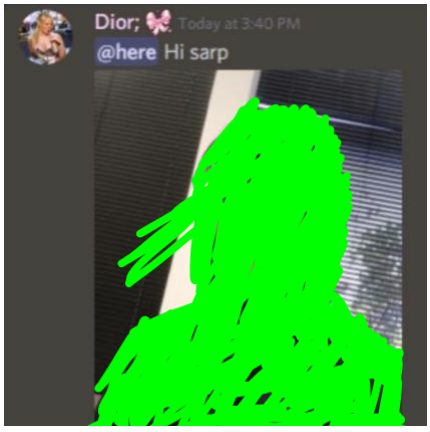
Dior/lohlitas/Poppyblx/Cindy

Dior has countless images of child porn in which he supplies to not only Keiron but also Sof. Dior also has countless images of gore.

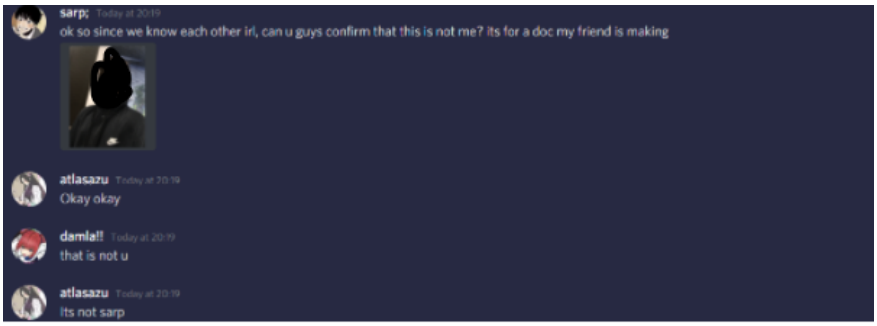
The video, which is heavily blurred, is a dead person who fell off a building.



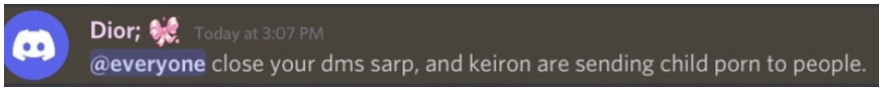
Dior attempted to DOX Sarp's face.



(sarp here, the face is not me, it was made up by someone else but they kept spreading around with bad intentions. Here are some of my irl confirming it isn't me.)

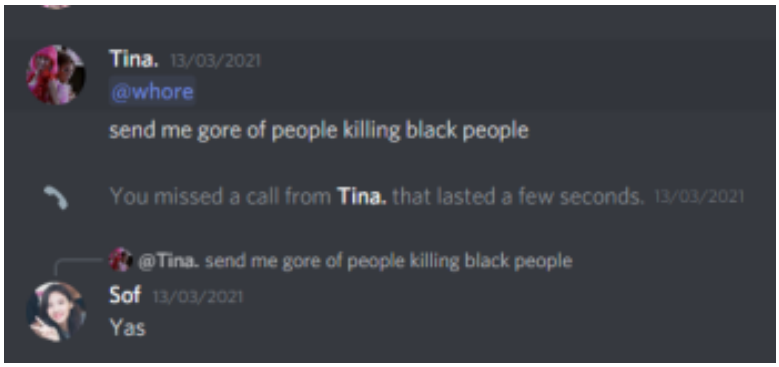


Dior further confirms Keiron has Child Porn. However lied about Sarp having child porn. Dior is being hypocritical as there are multiple instances which can be supported by a plethora of people indicating Dior has access to illegal explicit images of children.

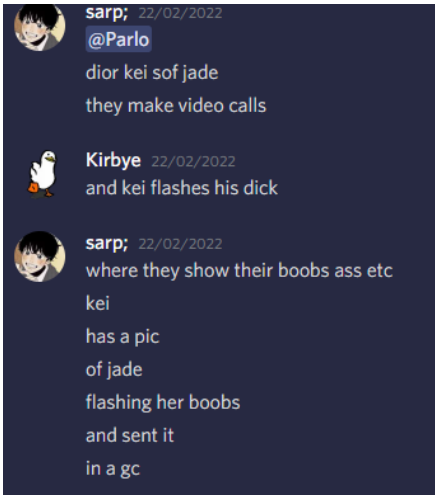


Very weird threat.

Tina (Dior) asking for gore.



Sof, Jade and Keiron participate in degenerate discord VC's with one another, exchanging disgusting, revolting pictures of themselves, nude. With confirmation that Keiron has also posted nude images of Jade, in which he obtained via discord VC.



Yet Lisa continuously decides to remain friends with Dior, who is well known in the community, for posting and distributing, and associating in CP rings, with other equally disgusting and immoral people.

Lisa clearly does not care for what Dior has done, as Lisa has also engaged in Doxxing minors herself, and saving naked images of people like Keiron, and threatening to release them, as a sense of revenge, spite and blackmail. Truly disgusting and reprehensible.

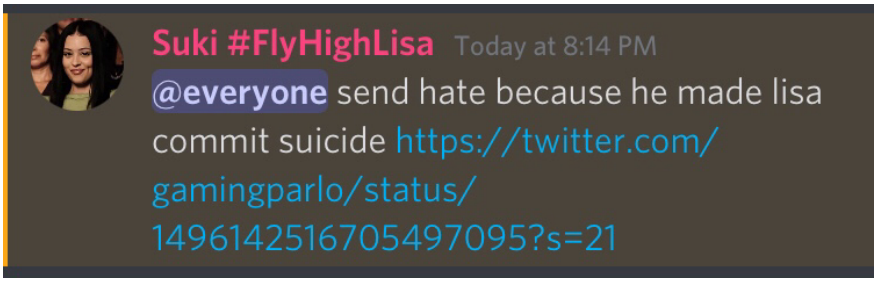
Suki- Also known as PalomaRBLX

Yes, Paloma ROBLOX goes by the new alias Suki, is a very prominent Lisa bootclicker in her community.

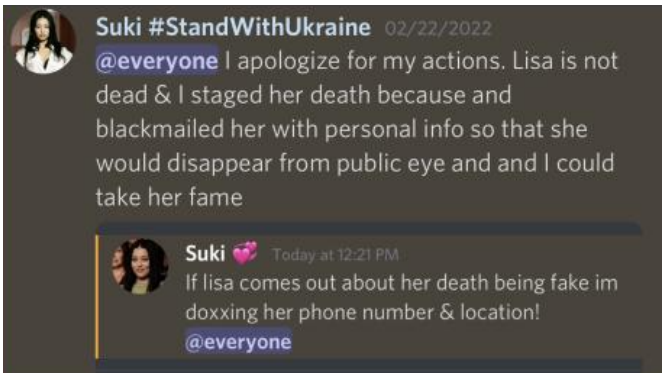
Encouraging someone to get raped/sexual assulted?

Lisa admits Suki is paloma.

Paloma is the same person who has made fun of Nimblz, a talented ROBLOX Developer, who passed away in 2020. And also made fun of Lizzy Winkles death from cancer back in 2019.



(It turned out to be fake.)



She actively incites harassment and has participated in a huge lie trying to push the motive Lisa died. Which is nothing more- but a lie. It was fabricated as soon as I announced I would be making a video and document exposing her, to try and divert attention to her ''death'', rather than her illegal and depraved crimes. Imagine lying about death for attention, pathetic, but Suki is already well known for her unprofessionalism regarding the topic of death, or should I say, Paloma.

Kirbs Experience

Recently i experienced a lot of shit with kei,sof,fweetfweet69 (fweet aka being the child gore poster)

About kei, I 100% sure can confirm he sent dick gore in one gc then proceeded to delete it, He uses a selfbot called zypher to delete his messages, he has flashed his dick/penis in vc with dior and jade but they didn't take any ss so i have no proof of it but jade confirmed it. In here, (Deleted user) is Keiron and 444 is jade, Keiron has been islamophobic everytime he gets in a gc with me, example:

K;Deleted from K; DMs at 3:22:05 AM, 8/16/2021
GO JUMP OFF OF A BUILDING
MUSLIM TERRORIST BOMBER NIGGER
ABDA ALLI
INSHALLAH

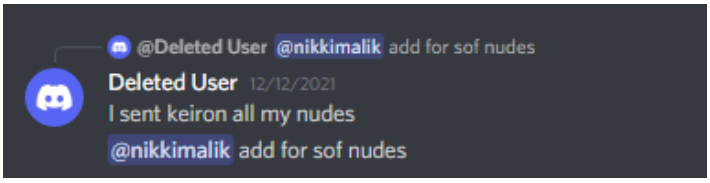
(turns out they ssed it and Dior posted it on twitter - which is distribution of cp)

Here's the funny part, I have no proof of this but in the bun bun era he called my voice cute back in jan 2021 (while i was 12) My birthday is in march.

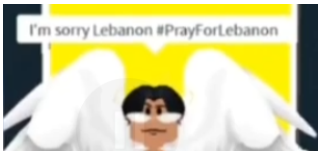
Keiron actually having cp.



(nikkimalik is Dior)

The "I sent keiron all my nudes" is sof, the other one "add for sof nudes" is keiron, considering keiron has all of sof's nudes.

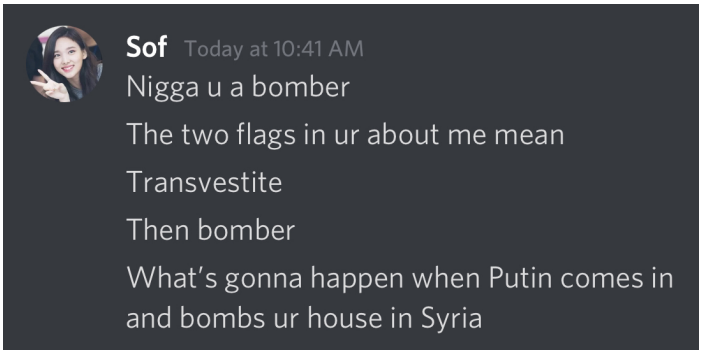
Forgot to add one thing about kei;
"PrayForLebanon" Yeah man you should have apologized for calling me a terrorist/bomber/suicide bomber/afghani/pakistani and telling my school got bombed is what he thinks why i didn't go to school.
This too.



Disgusting me seeing these from keiron, hope he becomes (he wont ik) better, considering i am muslim myself and get offedned by him a lot.

Sof:

About sof, He's that average troll guy who likes to fix grammars as trolls or just make a whole cp server and be islamophobic.
And yes he did make a cp server, Confirmed by sarp



The screenshot on the top is by electromagn3tic, As you can see sof is islamophobic too, just like keiron (considering they're bffs lmfao)
About him having gore, I don't really know.

FweetFweet69: (aka one of keiron's friends)

The only thing i know about him is he has child gore, (aka explicit images with dead bodies/blood of children) which is highly illegal.

I think this is for me and my experience that happened between me and some of keiron's friends.

If you're willing to drop me a message my discord is Kirbye#6969

Sarps Experience

Hey fellas, It's Sarp here. Huge thanks to parlo for letting me have a part in this document. So, I had tons of experiences with these people and I feel like it's the time I talk about these publicly. Now, let me start.

Keiron

Keiron is a known troller in the ROBLOX community, + he was on Lisa's Squad. Well, I've known Keiron since 2020 and It's safe to say that he's a literal weirdo. We had a very shitty beef back in his Zavia/BunBun Girls era. I exposed him for being the BunBun Girl bitch and he decided to dox me. (at least he tried.) It wasn't my info anyway so I just played it off. Then, the shit got very serious to the point where he would make alts to join my discord server and send his video links to my members. This happened back in 2021. We both decided to apologize and move on. We kinda became friends again and started talking. That's when he added me into group chats with people, and that's how I met sof, jade, tanya etc and others. I witnessed a lot of shit and I am here to talk about them. In this document. And Kei, Sof, Jade, anyone, if you are reading this, I'm sorry but someone had to do this. Some of the shit y'all did crossed the line to the point where it turned into cyber crime. I told you guys to stop (a few times) but y'all never listened. Also pls see a therapist, anyways.

Child P*rn

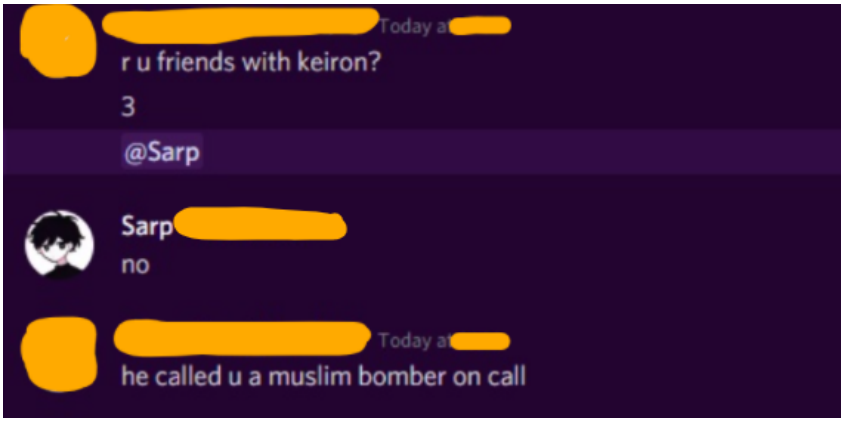
Yes, he has child porn. He sent it many times in gcs and deleted it. Most of the time it would be some random kids doxes/nudes etc. From what I've heard (from Dior), Kei and some of his friends made some 13 year old boy strip on cam. Idk if this is true or not, but sounds like something they would do. (edit: turns out it is true since I just saw the ss on top.) They also make video calls on discord group chats where they would flash their "body parts" and screen record or screenshot them. They even sent it on group chats. We never had the chance to report them because he would bulk delete all of his messages. I don't have any proof because I don't screenshot child p*rn so, don't brag about it ¯_(ツ)_/¯

Doxing

Keiron doxed countless people, he even tried to dox me (what a lowlife). What he's doing is not illegal, because he would get his victims information from public stuff. But it's still a fucked up thing to do and it's wrong in general. He would go on instagram, twitter, facebook and try to find the person's real name + their family members. And Keiron, this is the main reason why I dumped your ass.. You're not a trustworthy person, and you'll never be. And I always felt uncomfortable around you, I never trusted you tbh... Oh and also, they found "RalphTheFamous" person's school and they called it. They said he would bomb the school, and they actually called the school and told this to a staff member. Yeah, this is fucking sick **cough cough** Keiron and Jade.

Racism/Islamophobia/etc..

He is hella racist, ever since I've met him, he always makes racist jokes or says some slurs. He makes a lot of racist jokes about Islam and Muslims. He would call them terrorists, bombers and mock them. He did this to my friend Kirb MANY TIMES and he also did the same thing to me. Just because I didn't want to be a part of their weird gcs. He also makes fun of black people and calls them slurs or just calls them monkeys. WHEN HE'S BLACK HIMSELF LMAO-



Harassment

Keiron harassed countless people. He would make alts and basically evade user blocks on discord -which is breaking the tos- he would tell them to kill themselves or call them slurs. Or basically call them the C slur (which is racist to asian ppl) or call them a terrorist etc... They did this IN FRONT OF MY EYES and I never thought they would take it too far but oh boy... He actually types a whole essay and says a slur in each sentence…

Pornography

Keiron and his friends would send a lot of porn in gcs, (which are not spoiled btw) and he would make sex jokes about me which made me very uncomfy. About the sexual jokes, Kei is 17 (thats what I'm assuming) and I was 14 at that time. Now I'm 15 but my age does not change the fact that ur a fucking child groomer and a weirdo. suck it up mate :) -edit: the gc was full of minors. (He’s sexualising my friend Kirb when Kirb is 13.)

Other than that, I'd like to talk about the fact that he would make sex jokes about me. He always calls me daddy and shit, even though it's a joke. It was super annoying and keep in mind I was 14 when those were happening. After this he started sending literal gay porn on our gcs and keep saying shit like "Me and Sarp yass" or some shit. It's gross.

Finale Of Keiron

This is all I have to say for now. Yup, everything I've shown is true and none of the screenshots were edited or taken out of context. And Keiron, If you're reading this, I'm not sorry for exposing you. I never wanted things to be this way, but I had to do this. You people should get off the internet and stop these "crimes". Well, maybe these will be used against you *someday*, who knows. And oh, read this =>*https://www.twitlonger.com/show/n_1srua4g*

Lisa Gaming ROBLOX

Gonna be honest, me and Lisa never talked in private, nor we know each other. But I had some experiences with her and I'd love to share them . Because people still don't realize her actions and find some dumbass excuse to cover them up. Right now, we're somehow on good terms *(...?)* But yeah idek. So, yeah... Let's start. *PS: I'm just sharing my own experiences and opinions since this is my part. There is a shit ton of stuff against her but I won't be talking about that in this part. If you wanna see them, scroll up.*

Doxing

A few months ago, Lisa made an announcement about me and she basically posted "my face" on her server. She even pinged @everyone and basically attempted to dox me. She got mad at me because earlier that week I exposed lisa for faking the #FindSuki thing, and she got pretty mad at me. So first of all, the boy in the picture is not me and to this day people still think it's me - well it is not lol. So the guy in the pic is someone named "Shiro" and from what I've heard, someone named "skites" sent that Shiro person's face to Lisa and said it was me. He told me because he wanted to dox Shiro. However, this does not make Lisa innocent, since she randomly attempted to dox me - nice try gyal, but reminder that i have info about you as well! Your ex-bffs are rlly nice to me!

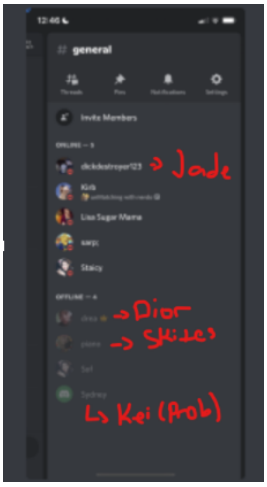
Okay so, here is a screenshot of Lisa participating in dox/cp shit. This was a dox server made on keiron by Dior and Lisa was there too. They sent his nudes as well. Drea is Dior because dumbass was too scared to get his main account deleted. New accounts to break the tos? hmmmmm…

Oh shit and here is a side note: Lisa and Dior are still friends. Yass queen how iconic of you to let your staff members do all this shit. Yeah, no, jail.



Slurs

As I've mentioned before, we exposed Lisa for faking the #FindSuki stuff. If you don't know what it is, they basically started a rampage on twitter and said that their staff member Suki was lost because "she hasn't been online for a while" when we exposed her for this, she got so mad and started calling me a fagg()t.

When me and Parlo called her out for this, she "came out as bisexual". Well she's obviously faking it because she is homophobic herself. Also one of her staff members confirmed that it was fake. Nice try girl!

Now, this message was not from Lisa but one of the staff members banned me and this was the message they sent after banning me. The attachment is a girl getting f*cked, and she had no arms/legs.

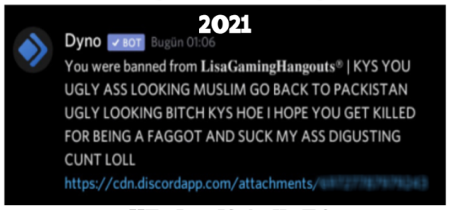
Lisa Gaming Staff Members

Lisa's staff team is absolute ass and she's well aware of that; yet she's doing nothing about this. I will share a few things about them. For this one, I'll do this individually because fuck you and ur admins. Lisa's staff members are full of racist people and nearly all of them are doxers. Me and the staff had a lot of experiences and got into a lot of arguments/fights. Let me start.

THIS WAS NOT LISA GAMING ROBLOX, IT WAS SOME STAFF BUT LISA DID NOTHING ABOUT THIS.

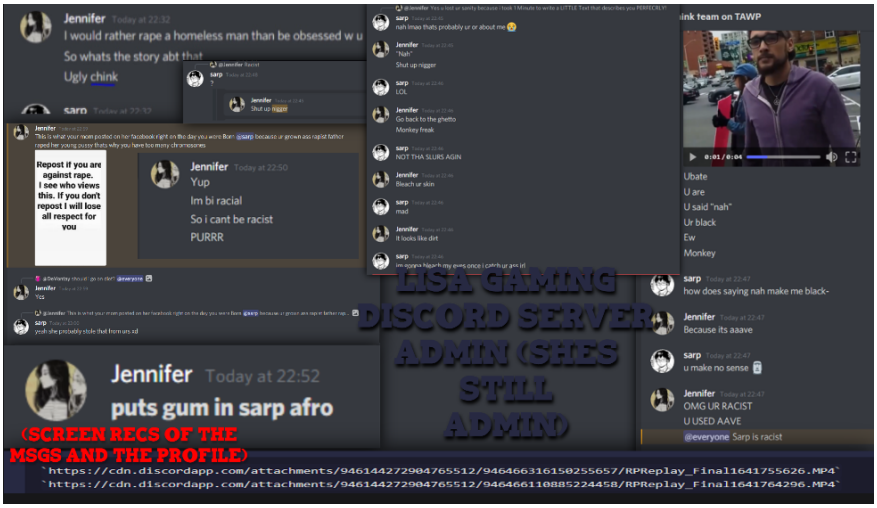
2021



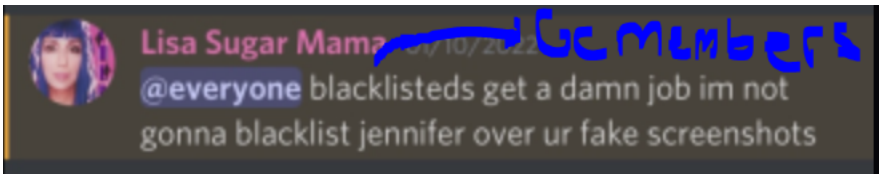
THE LINK IS A VIDEO OF A WOMAN GETTING FCKED BY SOME GUY (THE WOMAN HAD NO LEGS ARMS)**

Jennifer

As I've mentioned earlier, we had a lot of gcs and Jennifer was in them too (before she got back into the squad). Jennifer was racist asf and she would always say slurs. After a few days, she got back into the squad. Because of this, some of the group members decided to expose Jennifer and send these screenshots to Lisa. We asked suki to do it. However, Ms. Lisa kept denying these. And called these fake. (the cdn.discordapp links are screenrecs of the msgs and her profile)



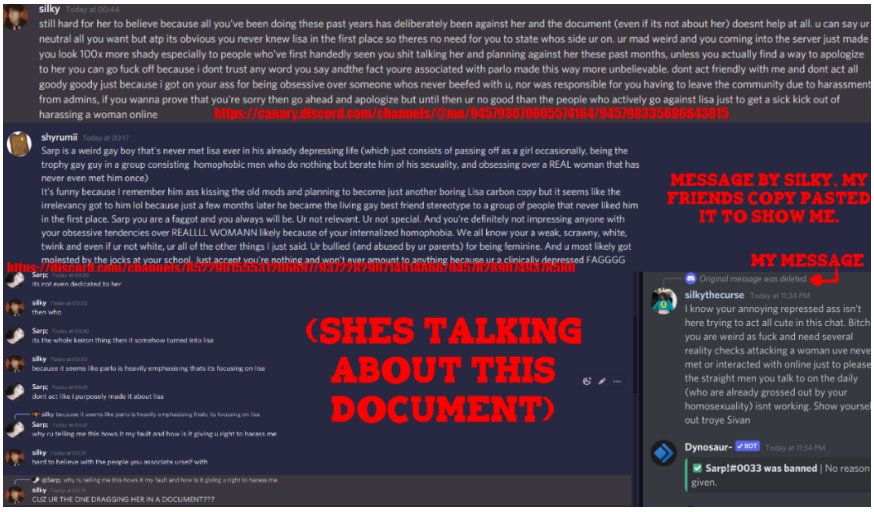
This is her denying it when she knows damn well they were real.



Silky

So a few days ago I joined Lisa's server because I was going to get screenshots from the server for this doc. And then this weirdass attacked me and banned me. (yes, no reason given.

Now I was confused and I added this bit- "individual" to talk and sort the things out but it refused to do it and basically wrote a whole essay. And as u can see, these are the things it said. And what's Lisa doing about this? Nothing! She's well aware of everything. Not even a warning, demotion, or anything. She's only demoting people when they backstab her. When the server gets warns/bans because of her careless ass she's asking people not to report the server. Makes no sense, right?



Dior (#1)

Dior quit a few days ago, but I'm still gonna talk about this since it proves how careless Lisa is. Me and Dior had a drama (i will be talking abt it later on) and he would basically ban me, try to dox me or still call me a terrorist there. And Lisa would still do nothing about this because they're "BFFS YAS C;". Other than this, dior always says the n word and EVEN TOLD PEOPLE TO KILL THEMSELVES.in a voice channel. Besides that, he would dox people on the server. Yeah, he quitted but meh still weird how Lisa did nothing about it.

Finale of Lisa

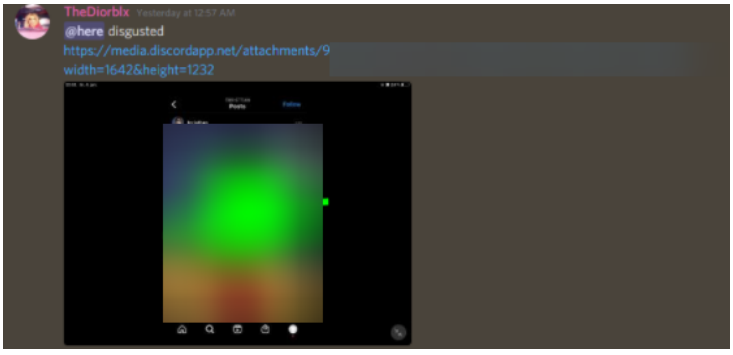
Here are my last words. I know I shouldn't have dug my nose in Lisa and her bullshit, but someone had to spread the word, right? It's still rude of you to harass me and call me slurs just for exposing your ass um... And it's also random how you're trying to dox me. Well, this isn't an apology by the way. I won't make videos about you or anything because idrc about u anymore but u should stop... And also, if you still think these are a "joke" or sum "troll" shit, grow the fuck up. She's doxing people and putting their lives in danger. If you still call this a troll, get the fuck out. Ty.

Dior / Cindy #2

Me and Dior have had beef since 2020 and I don't know if it will ever stop. I basically responded to his tweet on twitter and that's how our drama started. I had few experiences with Dior in DM's and group chats.

Doxing

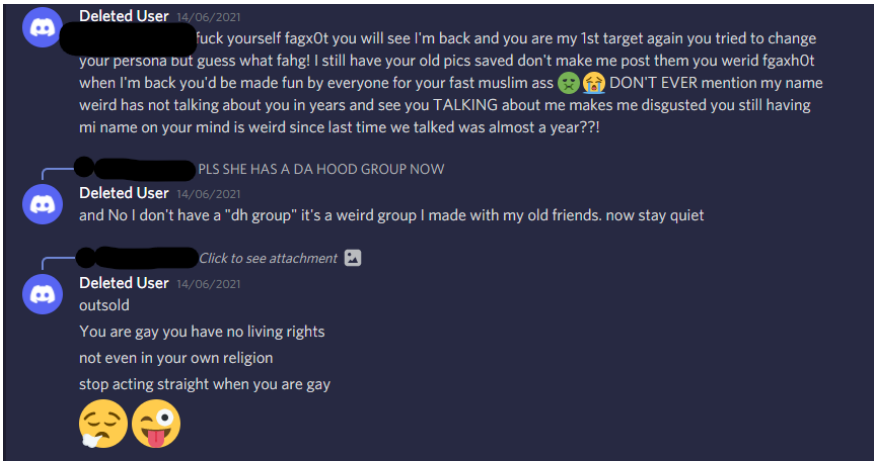
Dior doxed people on Lisa's server. Most of the messages are deleted but here are some of them. Yes he tried to dox me too. And he also made a whole server to dox Keiron.



Slurs, Harassment

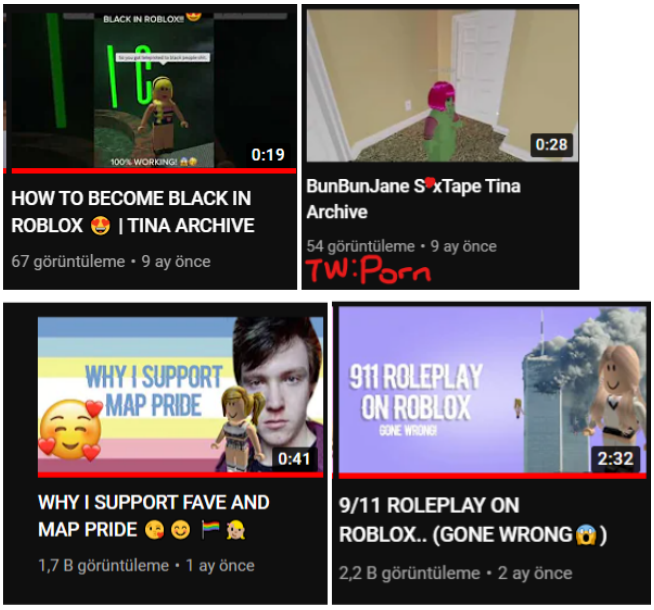
Dior has said a lot of slurs he cannot reclaim. He's also racist. He has been calling me a "terrorist" for 2 years just because I was muslim. He says slurs a lot. Once he asked people to make group chats with me just to call me the N word.

And in this screenshot, Dior is evading server bans and making a new account just to harass me. on my own server. this weirdo for real searched his name up and wrote a whole paragraph. honestly ur a no life and u know that.



The “What The Fuck” Moments

No explanation. Just look.



Extra Part: Drama

As I mentioned before, me and Dior have had beef since 2020. This is how it all started: So I found Dior's tweet from one of Lisa's tweets. Well, I was obviously a kid back then and yes, I was immature. asf. Anyways, I replied to Dior's tweet with something and I can't remember rn. So he dug my profile and found a tweet where I said "I'm muslim, unfollow if you want." Ever since that day, he have been calling me terrorist and a bomber. I tried to apologize to him and end this shit but he refused it and kept going. He also attacked my friend Cammie for no reason.

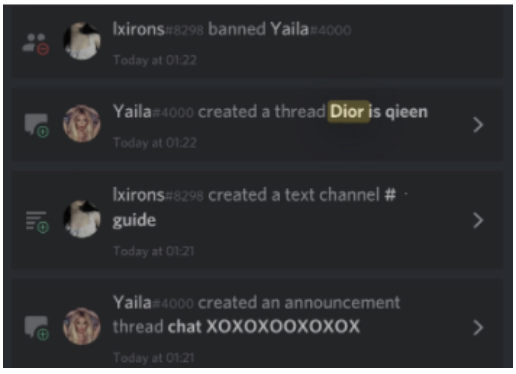
This would have been over by now but however mister Dior was too much of a piece of shit to apologize and own up to his mistakes. To this day, they're still attacking me and my friends. Recently they raided and kinda nuked our server and we had to start over.

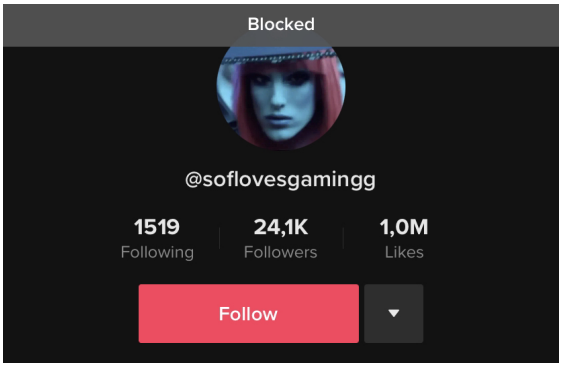


Finale of Dior

Dior, you think you're right about everything but you aren't. You're trying so hard to be Lisa but you will always stay as a wannabe. We all know how racist and we all know how much of a terrible person you are. Our "beef" would have been over if you simply just said sorry, or just stopped. But no! Ofc ur gonna have to become a literal bitch for clout because yourself knows that ur an unknown twink. and u need to make people mad for clout and attention. ur a terrible person. Have fun with this cute little document.

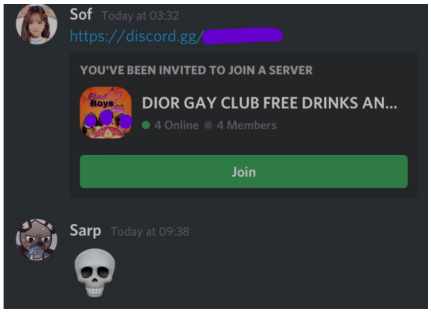
Sof

SofLovesGamingg, A known ROBLOX (former) YouTuber/TikToker. He was trending back in 2021. He was in GCs with Kei, Dior, Jade. I had a few experiences with him so lemme just start.



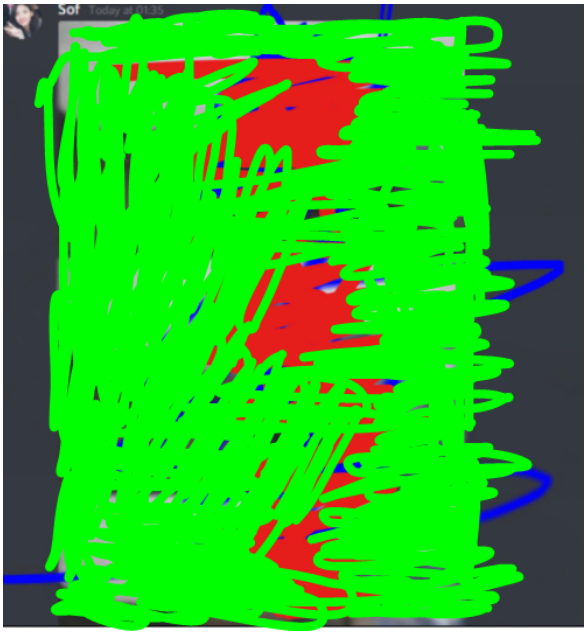
Doxing

He doxed hella amount of people in this community including me. I remember when he sent pics of 10+ kids and some cp (which were doxed by him).

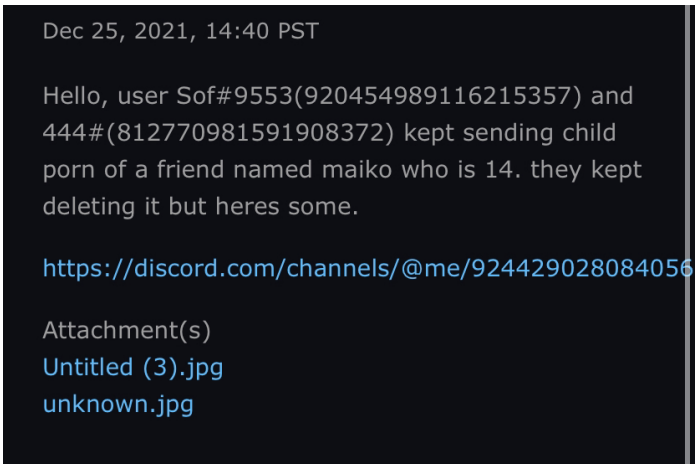


Child Porn

Sof also has child porn and he sent it in gcs COUNTLESS TIMES. He also made child porn out of people (w kei and dior).



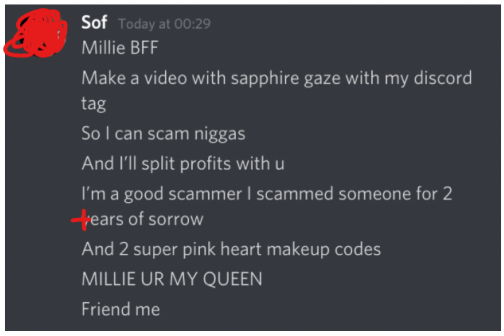
Now you may be asking, what the fuck is this? It's a pic of some kids nudes and he spammed it many times. It's highly blurred, but yeah I don't want to expose these to the community. The picture was ***BLURRED*** *it and then saved as evidence, BEFORE it was scribbled on like how it is shown here. This was done so the messages could be reported to discord, it wasn't saved with any bad intentions. Some people also misunderstood this and thought it was Parlo who had the screenshot, when in fact it was Sarp. Sarp was 14 at the time of this and the version of the image he had saved was blurred, due to him not wanting fucking child porn on his computer.*



Proof of Sarp reporting the screenshot to Discord.

Scamming

Here is a screenshot of Sof asking someone to make a fake vouch for him so he can scam people. For context, "Sapphire Gaze" is a roblox toy code and a lot of people want it and they usually sell it for robux or trade it. (Jan 3 2022)



He LITERALLY admitted to scamming someone for “Tears of Sorrow” face, which is another toy code on Roblox. He literally has it on his Roblox inventory.
